\*Guiding Professional in Schools - Measures of Academic Progress Series

Kari Augustine, Curriculum Specialist

## #692 Fall Meeting: September 30, 2008

Just-in-time ideas for administrators and teacher-leaders to implement at the beginning of the school year. Agenda items to be finalized depending on district needs, but will include fall topics such as the use of MAP scores to predict students likely to score in proficient and advanced ranges on WKCE, using MAP data to build parent partnerships at fall conferences, and orienting new teachers to MAP testing and DesCartes. Networking and team time are built into the schedule; districts are encouraged to share their experiences by presenting school or district initiatives.

## #693 Winter Meeting: December 1, 2008

Agenda items to be developed depending on need; mid-year topics include goal-setting strategies for students and teachers, using DesCartes and Lexile scores to differentiate instruction, and understanding typical goal growth patterns.

## #694 Spring Meeting: March 12, 2009

Members will develop the final agenda; spring topics include assessing school & grade-level growth goals, placement guidelines, professional development planning for the coming year, supporting reflective practice, and ideas for celebrating success!
